Once you click on create credentials the Client ID and Client Secret ID will be generated

The screenshot shows the MasterGST dashboard with a modal window titled "Sandbox Credentials". The modal contains the following fields and controls:

- NAME**: A text input field with a dashed line below it.
- CREATE DATE**: A text input field containing "17-11-2022" with a dashed line below it.
- CLIENT ID**: A text input field containing "aef7e468-4e8e-4f84-8bd3-44ea6d1fd364" with a dashed line below it.
- CLIENT SECRET**: A text input field containing "92b11c20-f283-4ba6-b161-898639307a6b" with a dashed line below it.
- ☒ Please confirm, you have created Sandbox Account with GSTN using [google form](#)
- CREATE**: A blue button at the bottom of the modal.

The background dashboard shows the "GST Credentials" tab selected in the top navigation. On the left, there are "Prerequisites to Create Sandbox Credentials" steps. On the right, there is a "Create Credentials" button and a table with headers "GST User ID", "GSTIN", and "Status".

Once you create the credentials it will be displayed under Credentials > GST / e-Way Bill / e-Invoice credentials > Sandbox keys.

Please contact our sales person to enable the sandbox for testing.
